Senate Foreign Relations Committee

Dear Chairman McCaul and Ranking Member Risch:

We write to respectfully request that you release the hold placed on the \$75 million in previously appropriated congressional funding designated for food assistance to the West Bank and Gaza administered by the United Nations Relief and Works Agency (UNRWA).

If these funds are not obligated shortly the UNRWA food pipeline will break and over a million Palestine refugees in Gaza, including almost half a million children, will go hungry. This will create a humanitarian tragedy and poses a huge risk to regional security.

As you know, almost all Gazans rely on food assistance from UNRWA or the World Food Programme (WFP) for 50-60% of their calorific need. Despite this assistance, severe food insecurity continues to rise – now over 40% people in Gaza are severely food insecure.

The food situation in Gaza is already at tipping point following the WFP's decision to reduce assistance from 300,000 Gazans down to 100,000 - necessitated by that agency's overall funding shortage.

Food assistance to Gazans in need is yet another reflection of American values as well as in this nation's diplomatic and security interests.

We appreciate your consideration of our request and hope you will act swiftly.
